COMMUNICATIONS AND PETITIONS

Update from Department of Social Services Re: Community Outreach for Renters' Rebate and other programs.

Mayor Walsh shared that under the guidance of Health and Social Services Director Laurence Burnsed, Social Services coordinated with the East Hartford Housing Authority to offer on-site renters' rebate application processing, as well as provide information to other services the Town offers. A number of residents located at Hartford East (886 Main Street) and St. Mary's (1451 Main Street) were able to complete rebate applications. Additional events are scheduled at 10 other locations throughout East Hartford.

In addition, an on-site event for residents at 1183 Main Street was scheduled in response to a number of distress calls from residents. Staff from the Police Department and Social Services along with a representative from Intercommunity participated to share resources to services and referrals to programs in an effort to better assist residents of need.

The Mayor stated that the Department's efforts are an example of the Administration's pledge to better communicate with residents and improve access to service.

Youth Sports Facility Presentation by MVProperties

The Mayor stated that he believes the community has a need for a Youth Sports Facility and feels that development can occur at no cost to taxpayers. On August 16, 2022, the Council passed a Motion to approve a Memorandum of Understanding between National Development and the Town, which included a \$3 million impact payment that may be allocated towards the planning, design and construction or renovation of athletic facilities including, but not limited to a "bubble" athletic complex. Combining this payment with a proposed \$7 million in bond funding, the Town would be able to invest \$10 million in the development of a Youth Sports Facility. To acquire the additional funds, the Council would need to approve a bond question that would be placed on the November ballot which would then be voted on by the public to approve the funding.

The Mayor introduced Vincent DiCarlo of MVProperties, developers of a sports complex in Windsor, CT. Mr. DiCarlo shared a presentation that provided a plan for development that the Mayor feels will be entirely self-supportive as bonds will be paid for by revenue generated through programs and other sources related to the facility.

In the presentation, Mr. DiCarlo stated that a +/- 60,000 square foot indoor facility located at McAuliffe Park with multi-purpose courts, walking track and other amenities could be developed which leverages previously built baseball fields and the accompanying land. Given the anticipated demand and ability to use the indoor space throughout the full 12-month calendar, Mr. DiCarlo stated that the facility would provide the Town with a financially stable resource to families as well as a source of long-term community pride.

The Mayor provided the Council with annual revenue and expense projections including servicing the debt on a \$7m / 20-year bond that he feels shows further proof of the lack of burden on tax payers. Mr. DiCarlo stated that the projections for income are conservative relative to the potential usage of the facility.

To achieve next steps, the Mayor requested that the Council consider an appropriation of funds from the impact payment provided by National Development to begin planning of the facility over the summer that could produce architectural renderings of the proposed project and the Council's approval in August to place a question for funding on the November ballot.

Councillor Rup suggested that the Administration consider the Silver Lane Plaza area as a possible location for the facility given its accessibility and the amount of space.

Councillor Amadasun questioned the impact on financial profitability of the facility should the Town make efforts to prioritize accessibility for East Hartford residents. *Mr. DiCarlo stated that a nonprofit organization has been created related to the Windsor project. The goal of the nonprofit is reach out to corporations to support local youth through sponsorships. A similar organization could be considered in East Hartford. Discounted rates could also be considered but would affect overall income.*

Councillor Simpson recommended that in financial considerations of the project, the Town account for long-term maintenance on the project to assure the facility does not fall into disrepair over time.

Councillor Tsegai feels that the Town also needs to take into consideration the impact of traffic and extended hours to any local residential neighborhoods as a part of site planning.

Councillor Bell requested further evaluation and a needs assessment of the programs and financial balance to accommodate local residents to consider the project in a way that most effectively serves the community. The Vice Chair also stated that more conversation will be required as to where this project fits as a priority related to other necessary projects in Town.

Silver Lane Plaza Update by Development Department

Development Director Eileen Buckheit provided a presentation on the current status of the properties recently acquired by the Town via eminent domain and options for future development. There are three properties on the site: 794-810 Silver Lane, 818-830 Silver Lane and 832-850 Silver Lane.

The administration has recently enlisted the services of a management company for day-to-day tasks of managing the Plaza, including regular with the remaining tenants, general

maintenance and clean-up activities and collecting rent. After conducting inspections at the property including one by Colliers International, The Town is looking to proceed with the demolition of the rear building (818-830 Silver Lane) after the two tenants who remain have relocated, as the current condition of the structure is beyond repair.

The Director provided two options for the Council to consider regarding the other two buildings. The first option is to demolish 818-830 Silver Lane and retrofit the other two, which would lower demolition costs and not displace additional tenants. This project would require an estimated \$8.8 million investment by the Town plus the cost of demolition, and the tenants who remain in the building are currently paying rent that is below market for the area. The second option would be to demolish all three buildings which would provide a clean site that would provide for a wider net for RFP responses on development projects for the land. The challenge with full demolition would be in the relocation of current tenants of the buildings, potential delays in sale of the site to a new owner and increased demolition costs.

The Director feels that in the current market for development and given its location and access to Route 84, there is opportunity for change in the neighborhood. The Director envisions a plaza with smaller and more diverse commercial use that can complement Concourse Park.

Councillor Simpson is not in favor of renovating the existing buildings and feels that they should be stabilized, but left for a private developer to consider next steps. *Director Buckheit stated a decision on whether to demolish the other two buildings on the site would be helpful as on-site businesses would be entitled to compensation and time for relocation should the Council vote on complete demolition.*

Councillor Parkinson stated that while she feels the buildings should be taken down, the tenants should be provided adequate time to assure their affairs are in order if forced to relocate and as much financial assistance as possible.

Councillor Bell agreed with Councillor Parkinson on providing time and resources to current tenants and stated that after reading the report, demolishing all buildings would provide the corridor with a new opportunity to revitalize the area.

Church Corners Inn Update by Development Department

Director Buckheit shared that Town took ownership of the building at located at 860 Main Street on January 11, 2023 and immediately enlisted the services of a management company to manage the building and its tenants. Due to a cold weather event in February, a boiler failure which led to a fire system pipe failure and water damage, which caused the building to be closed for use. The site has remained closed since.

Relocation of most tenants to new permanent locations is complete, and a conditions assessment of the property has found the building to be in a major state of disrepair. As the building was initially built in 1913, ceiling heights are below standard, there is no elevator in the four-story building, and infrastructure is not code compliant. Rehabilitation would require full replacement of the electric and plumbing systems. In addition, the site's footprint allows for minimal parking.

Given the results of the assessment, the Director feels that the only viable outcome for the property that will be supported by the market is a complete demolition of the building, with the recommendation that knockdown occur before the winter to prevent further deterioration of conditions.

The Director feels that redevelopment of the site will prove to be challenging given the small size of the lot (0.4 acres) and that combining the parcel with adjacent property through either the acquisition of the Post Office building (850 Main Street) or connection to Raymond Library's parking would make the site more attractive. Demolishing the building and leaving the site as open space until adjacent sites can be acquired is recommended, but will require additional time and strategy.

Councillor Simpson is in support of demolition of Church Corners Inn given the safety concerns and to eliminate further blight issues.

Councillor Amadasun feels that given the amount of development projects currently in the works, a combined meeting of the Council, Administration and stakeholders to discuss economic development on a holistic level would be useful. *Director Buckheit stated that in the coming weeks a new plan of conservation and development will begin for 2024 and encouraged Councillors to participate.*

Councillor Tsegai asked if there has been an update on the status of the sale of the neighboring Post Office property. *The Mayor stated that a Letter of Intent by the Town was issued at the appraised price of the building but was not accepted. Regular emails have been sent regarding the sale of the property without response.*

DATE: June 1, 2023

RE: Church Corners update

After the Council presentation at the May 16th meeting, I was requested to reach out to a development firm to gauge their interest in rehabilitating the building by a Council member.

After some communication between the company and representatives of our development consulting firm, Goman and York, we have decided to formally advertise the project with a public request for proposals.

We anticipate this bid to be ready in the next week and advertised for 3-4 weeks. As such time, any responses to this bid will be evaluated by the town and our consultants. We will keep the Council up to date on any further actions.

Thank you and let me know if you have any questions or concerns.

TOWN OF EAST HARTFORD OFFICE OF THE MAYOR

DATE: June 2, 2023
TO: Richard F. Kehoe, Chairman, East Hartford Town Council
FROM: Connor Martin, Chief of Staff
RE: Youth Sports Facility: Path Forward/Next Steps

At the May 16th, 2023 Town Council meeting, Administration provided the Town Council with a presentation on a proposed Youth Sports Facility.

In further discussion of this issue, attached please find RFP #23-10. This RFP sought a Public/Private Partnership to Design, Build and Operate a Sports Bubble. The "Bubble" concept is gravitating toward a fieldhouse structure due to the inability of a "bubble" to be bank financed and commercially insured. The sole respondent to the RFP was MV Properties who is building, and owns and operates the Windsor Sports Complex.

Based on the May 16th presentation and subsequent discussion, there is a desire to explore the possibility of attracting outside investment to create economic development while satisfying a Town need for this type of facility. Using the RFP in place, Administration must assess if the submitter is interested in providing the capital outlay needed to make this an economic development opportunity for the Town or if a new RFP is required.

Therefore, in order to provide useful analysis for decision-making, I respectfully request the Town Council provide the Administration with a \$150,000 appropriation from the National Development Impact Funds to pursue the following:

- Engage an independent marketing/research firm to study and evaluate:
 1. the concept of a Youth Sports Facility and the programs most needed
 2. complete a deeper dive of the programming that could be available at the facility

To further elaborate, the consultant will assess the feasibility of the idea (site selection, economics, and program offerings) which will help the Town to negotiate with MV Partners. If not MV Partners because this is beyond their tolerance, than someone else after we go out to a new RFP.

In essence, after the consultant does their work, we will have in a study that articulates that a Youth Sports facility makes economic and community sense.

Finally, the consultant will assess what BOE and Parks and Recreation programs are now offered and what the Town should offer to fill the need we think exists and then build the facility to fill the identified need.

Please let me know if there are any questions or problems on the aforementioned. Thank you.

TOWN OF EAST HARTFORD OFFICE OF THE MAYOR

DATE May 22, 2023
TO: Richard F. Kehoe, Chair
FROM: Mayor Michael P. Walsh
RE: Amendment to the CM agreement: McAuliffe at grade crossing.

As you remember, the Town Council authorized the Town to enter into a contract and maintenance agreement with Connecticut Southern Railroad with respect to the construction of an at grade crossing in McAuliffe Park.

After entering into the agreement, Connecticut Southern asked the Town to execute a detailed easement agreement that would dictate the terms of the use of the crossing over the years. To simplify matters, the Town negotiated a simple amendment to the existing agreement that extended the terms of the agreement to the future use of the crossing.

Unfortunately, the Council resolution did not contemplate amendments. Accordingly, we ask that the Council take action authorizing the Town to enter into the attached FIRST AMENDMENT TO CONNECTICUT SOUTHERN RAILROAD, INC. CONSTRUCTION AND MAINTENANCE AGREEMENT.

Please place this information on the agenda for the June 6th, 2023 meeting.

Thank you.

C: C.Martin, Chief of Staff.
R. Fitzgerald, Assistant Corp. Counsel.

RE: Demolition Request – 794-810 Silver Lane and 832-850 Silver Lane

Pursuant to Section 10-3 (a), this memo serves as a request from Development Director Eileen Buckheit to proceed with demolition activities related to property at 794-810 Silver Lane and 832-850 Silver Lane.

Please place this item on the Town Council agenda for the June 6, 2023 meeting.

RE: Silver Lane Plaza

I am respectfully requesting this to be placed on the Town Council agenda for June 6, 2023.

In accordance with Town Ordinance 10-3(a), I am requesting permission to proceed with demolition activities related to two properties located at 794-810 Silver Lane and 832-850 Silver Lane.

The first building, 794 Silver Lane was built in 1965 and consists of 31,080 square feet, has two floors and six tenants. The second building, which is located on the right, was built in 1962, consists of 18,652 square feet and has five tenants.

In review, at the May 15th Town Council meeting, the Council approved the demolition of 818 Silver Lane. During that meeting I gave the Council a presentation of the current status of the Plaza, the buildings and tenants. The PowerPoint contained portions of the Colliers report where I outlined the expenses that the Town would incur to redevelop the two remaining buildings, which totaled \$8.8 million.

It is my recommendation that we proceed with the demolition of the remaining buildings in order to enhance the redevelopment options for a new developer. The parcel which totals approximately 20 acres is located along a main commercial corridor which is undergoing some positive activity with the construction of a new logistic center and amenity-rich market rate apartments on the adjacent parcel. It is in the best interests of the Town to provide a clean and empty site to attract new development and capitalize on the momentum of the area.

The Town is utilizing State bond funds to conduct activities at the site, including acquisition, maintenance, relocation, remediation and demolition. Similar to the McCartin School project and the former Showcase Cinemas project, we anticipate on utilizing the services of the Capital Region Development Authority (CRDA) to perform these activities.

Thank you and let me know if you have any questions or concerns.

Option 1: Demo Bldg. B / Retrofit Bldg. A & C

Pros

- **Lower demolition costs**

Cons

- **Requires \$8.8M investment plus the cost of demo**
 - Elevator costs to repair – rough estimate at \$65,000 which does not address ADA requirements – would need full replacement
 - Repair and maintenance issues
 - Utility costs
- **All tenants pay below market rents**
 - Toby's \$1sqft; CK Nail Salon \$0.63sqft; Brothers Appliances \$1 sqft; Raisa Hair Salon \$1 sqft; Splinting Solutions \$0.59 sqft; Tooth Time \$1.03 sqft

\$/Gross Square Foot	\$113.28	\$285.49	\$177.67

Assessment

- **Limits development similar to experience with Showcase Cinemas**

Option 2: Demolish All Buildings

Pros

- Marketing of site clean of building and without tenants that cannot pay market rate leases
- More options for wider net for RFP responses, new buildings, new configurations, new possibly mixed use buildings, denser development

Cons

- Relocation fees for tenants
- Could add a delay to sale of site to new owner
- Demolition costs will be higher

Assessment – provides the most flexibility for a blank palate for interested developers, best path forward and likely greatest opportunity for long term development success

Current and Next Steps

- **Decision on Buildings A & C**
- **Building B/818 Silver Lane to be demolished**
- **Utilizing CRDA for demo work (similar to Showcase demo)**
- **Bids open for Hazardous Waste assessment – walk throughs being held last week of April and first week of May**
- **Bid specs for demo being compiled**
- **The two tenants in rear building are relocating by end of July**
- **We expect demo bids out also by end of July**
- **Total budget - \$10m**
 - **\$4.535 Acquisition**
 - **Legal**
 - **Relocation**
 - **Consulting**
 - **Property Management**
 - **Utilities**
 - **Development Incentives**

Summary

- ***Today, it is not that Silver Lane is overbuilt, it is that Silver Lane is under-demolished.*** There is too much older, nearly functionally obsolescent retail space in the corridor that can no longer compete—can no longer attract investment.
- From the perspective of community planning and redevelopment of the Silver Lane corridor, the challenge is not to *resist change*, but to *embrace and manage change*.
- Its central location, access to the interstate highway, and proximity to Rentschler Field and the Pratt & Whitney site, make it an ideal location to be repositioned and right-sized to serve the needs of East Hartford and the metropolitan region. However, to successfully adapt and reposition this area requires intentional action and intervention.

RE: Silver Lane Plaza Update with Town Council Action Required

By way of this memo, please provide time at the March 21, 2023 Town Council meeting for an update on the Silver Lane Plaza.

Additionally, we have included a resolution for the Council to approve to allow the Administration the ability to move forward on replacing existing leases and provide incentive support to two businesses to allow their relocation to facilitate the demolition of the large, main building to the north of the site.

In support of the resolution, please find the following:

1. A lease list providing monthly base rent, square footage rented, and arrearage for each tenant
2. The acknowledgement that we have not received escrow deposits maintained by the prior owner. Accordingly, we won't collect again, but as importantly, the Town won't pay back security deposits
3. Back rent – Corporation Counsel is in the process of sending out letters to all lease holders detailing their back rent in an effort to confirm it, not to collect it
 - a. The letter issue to each lease holder will also detail the issue with security deposits – meaning the Town has not received them from the prior owner and won't be paying them back
4. A standard lease has been compiled by Corporation Counsel and we provide it as a sample
 - a. The leases will be month to month with a 90-day quit notification
 - b. The leases will maintain their current square foot rates
5. Malibu Lounge will be noticed that they are out of compliance on meals preparation
6. Incentives for Je Mart and Bare Bones: waiver of rents for March, April, and May
7. A resolution is attached that seeks Town Council approval of the above

Finally, the Town will be engaging Colliers to perform an assessment of all three buildings so we have situational awareness of the operating and infrastructure issues in each building prior to decision making on development.

Please place this item on the town council agenda for the March 21st, 2023 meeting.

Tenant shall remove all trade fixtures and personal property at the expiration of this Lease unless agreed to by the Landlord. At no time shall the heating and cooling system be removed from the Premises. It is understood by the Tenant and Landlord that should the Tenant augment the existing heating and cooling system or install a new heating and cooling system said improvements shall become the property of the Landlord.

XII. DESTRUCTION OF PREMISES

As used in this article, the following phrases and words, or phrases and words of like import, shall have the following meanings:

- (i) Minor destruction shall mean that the Building or Premises has been damaged by fire or other casualty which Landlord reasonably in its discretion expects will take no more than thirty (30) days to repair.

- (ii) Major destruction shall mean that the Building or Premises has been rendered unusable by fire or other casualty which Landlord reasonably in its discretion expects will take more than thirty (30) days to repair.

If a minor destruction occurs to the Building and/or the Premises and it is not the result of or due to any actions or inactions of the Tenant, Landlord shall, within fifteen (15) days thereafter, notify Tenant that it considers the destruction to be minor. In such event and within thirty (30) days after the destruction, Landlord shall repair and restore the Building and/or the Premises (if they have been damaged) to its or their approximate condition at the time of the loss. Between the dates of the partial destruction and restoration, a just proportion of Tenant's rent shall be abated during the time (if any) Tenant is unable to conduct its business in a substantially normal manner in the Premises. If it is

found that the reason for the destruction as defined above is due to the action or inaction of the Tenant, its Licensees or Invitees, the Landlord shall have no responsibility to repair or replace the Demised Premises and during the time of repair the Lease shall not be alleviated of the obligation to make rental payments in accordance with the terms of this Lease.

If a major destruction occurs to the Building and/or the Premises and it is not the result of or due to the actions or inactions of the Tenant, Landlord shall, as soon as possible thereafter, repair and restore the Building and/or the Premises (if they have been damaged) to its or their approximate condition at the time of the loss, provided, however, that if within thirty (30) days of the major destruction Landlord notifies Tenant that Landlord will not reconstruct the Building, or that the Building must be vacated to permit it to be reconstructed, then this Lease shall terminate as of the date of Landlord's notice. Upon the termination of this Lease pursuant to such notice, all rent shall be paid or refunded to the time of the major destruction; and thereafter each party shall be released from the terms of this Lease. If this Lease is not so terminated, then all rent shall be abated until the Premises are substantially useable as before the damage occurred. If it is found that the reason for the destruction as defined above is due to the action or inaction of the Tenant, its Licensees or Invitees, the Landlord shall have no responsibility to repair or replace the Demised Premises and during the time of repair the Lease shall not be alleviated of the obligation to make rental payments in accordance with the terms of this Lease.

XIII. SIGNS

Tenant may have a single sign using the name of the Tenant's business attached to the building on the exterior wall of the facade of the Demised Premises and may have a mutually acceptable panel on both sides of the pylon sign near Silver Lane. All of Tenant's signage will be subject to the Landlord's approval (which may not be unreasonably withheld, conditioned or delayed), in consultation with _____ [Who?]. Tenant is solely responsible for working with all necessary and appropriate municipal officials to have (a) sign(s) approved and shall bear all expense related thereto. The Tenant will bear the cost for the manufacture and installation of all signs. In addition, it is understood that all signage is subject to the regulations of _____, Connecticut and the Landlord's ability to approve such signage is dependent on the Landlord's receipt of written approval of signage from the Town of _____. If not in violation of any municipal ordinance or regulation of the Town of _____, the Tenant may be granted a pylon sign of commensurate size to the Premises relative to other Tenants.

XIV. WAIVER OF LIABILITY AND SUBROGATION

Except as may be caused by the Landlord's negligence, gross negligence or intentional act, Landlord shall not be liable for (a) loss of or damage to any property of the Tenant, or of any other person, entrusted to any of the Landlord's agents or employees; (b) loss of or damage to any property of the Tenant or of any other person by theft or otherwise; (c) any injury or damage to any person or property resulting from fire, explosion, falling plaster, steam, gas, electricity, dust, water or snow, or leaks from any part of the building or from the pipes, appliances or plumbing system, or from the roof, street or subsurface or any other place or by dampness, or from any other cause whatsoever; or (d) any such damage caused by other occupants or persons in the Building or by construction of any private, public or quasi-public work.

Any fire and allied lines insurance carried by either party with respect to the Building, the Premises and property therein or occurrences thereon shall, if it can be so written without additional premium, include a clause or endorsement denying the insurer rights of subrogation against the other party. In the event that a waiver of subrogation clause or endorsement is obtainable only by payment of an additional premium, then the party so requiring such waiver of subrogation clause or endorsement shall either pay the cost of the additional premium therefore, or the other party shall be relieved of its obligation to obtain such clause or endorsement.

XV. NO WAIVER

The failure of either party to insist upon a strict performance of any of the terms, conditions and covenants herein shall not be deemed a waiver of any rights or remedies it may have for a subsequent breach or default in the terms, conditions and covenants herein contained. This instrument may be change, modified or discharged only by a written instrument signed by both Landlord and Tenant.

XVI. SALE BY LANDLORD

If Landlord sells or conveys its interest in the Premises and turns over to the new owner any advance rent paid by Tenant, Landlord shall thereafter be relieved of any liability to Tenant under this Lease and Tenant shall look solely to the new owner or owners of the Premises for performance of the Landlord's obligations hereunder.

XVII. MISCELLANEOUS

Except as hereinbefore provided, this Lease shall inure to the benefit of and be binding upon Landlord's and Tenant's respective heirs, successors and assigns.

This lease shall continue under these terms on a month-to-month basis until such time that the Landlord issues a notice to quite which will afford the Tenant a minimum of ninety (90) days to vacate the premises. The Tenant shall afford the Landlord notice of ninety (90) days of its intent to vacate the premises.

Words of any gender used in this Lease shall be held to include any other gender and words in the singular shall be held to include the plural whenever the tense thereof requires.

References to the term of this Lease shall include any extension thereof. If more than one person is named herein as a Tenant, the liability of each of them shall be joint and several.

Whenever the approval of either party is required hereunder it shall not be withheld unreasonably and shall be granted or denied within thirty (30) days after it is request.

The Tenant agrees to provide Landlord with any and all necessary as required herein.

The Parties to this agreement acknowledge that the Landlord, Town of East Hartford, is a Connecticut Municipal Corporation and that notwithstanding anything to the contrary herein the Landlord does not waive any rights afforded to it as a Municipality of the State of Connecticut.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals as of the day and year first written above.

RE: Referral to Town Council: Request to Approve Facility Use Permit Between Town of East Hartford and the Town of Stafford for a WIC Satellite Site

I am respectfully requesting the Town Council to approve the Town of East Hartford to enter into a facility use agreement with the Town of Stafford.

The Town of East Hartford serves as the host site for the Women, Infants, and Children (WIC) Program; a federally-funded regional program that services residents of 19 towns. WIC is required by the Connecticut Department of Public Health to offer in-person services through satellite sites to address accessibility needs of residents within our region. In-person services were suspended since March 14, 2020 in response to the COVID-19 pandemic, but must resume effective August 11, 2023.

The WIC program has a partnership opportunity with the Town of Stafford to use their community center as a satellite space for clients. This site houses their town Social Services program, diaper bank, and early head start enrollment center, which would allow for immediate access to additional resources for eligible residents receiving services.

The affiliation agreement was reviewed by Town of East Hartford Corporate Counsel prior to submitting for Town Council approval. CT DPH WIC program conducted a site review approved the EH WIC program's request to setup a satellite site at this location.

Letter of Agreement
Contract # XX-XXXXXX-XX

Dear Mayor Walsh,

This Letter of Agreement (the "Agreement") confirms our mutual understanding of the services that your agency, The Town of East Hartford (the "Consultant") will provide as a participant in the Bridging the Gap project (the "Project"). The Project is screening and assessment of Women, Infants, and Children clients for referral to the Connecticut birth to three program and other resources to address development delays (the "Services") and is funded by Connecticut Children's Medical Center ("Connecticut Children's") through a grant from The Connecticut Health & Educational Facilities Authority ("CHEFA").

Agreement Terms

The Agreement shall have a term from 6/1/2023 to 5/31/2024.

Consultant represents and warrants that members of its staff, employees, and its agents have never been convicted of a criminal offense related to health care and/or related to the provision of services paid by Medicare, Medicaid, or any other federal health care program; and that it has never been excluded or suspended from participation in Medicare or Medicaid.

Either party may terminate this Agreement at any time by providing written notice to the other party. The parties further agree that any dispute arising out of this Agreement will be governed in accordance with the laws of the State of Connecticut.

Consultant will indemnify, defend, and hold harmless Connecticut Children's from and against any and all third-party actions arising out of the negligence or willful misconduct of any staff, employee, or agent of Consultant. Consultant shall maintain adequate liability and errors and omissions insurance to enable it to meet the foregoing indemnification obligations. Connecticut Children's shall have no liability whatsoever for any claims arising out of Consultant's participation in the Project, except to the extent resulting directly out of Connecticut Children's gross negligence or willful misconduct.

Consultant will maintain the confidentiality of Connecticut Children's records, documents, information and data made available to Consultant hereunder in accordance with the Project.

All deliverables described below shall be solely owned by Connecticut Children's notwithstanding the contributions of Consultant. Consultant shall have no ownership rights in the Project or developed

products. Consultant explicitly recognizes that any contributions it makes to the Project or development of products related to the Project shall belong exclusively to Connecticut Children's.

The relationship of the parties in providing services under this Agreement shall be that of independent contractors contracting solely for the purposes of this Agreement and shall not be construed in any way to be one of employer and employee.

Description of Services

Contribute to the implementation of the collaborative *Bridging the Gap* model to improve developmental outcomes for children at-risk for a development disorder, including autism spectrum disorder (ASD) within the East Hartford Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) program.

Identify selected point persons across programs to attend meetings with project staff and respond to emails and phone calls to coordinate project. Communication method may be via phone, email, or Zoom, as deemed necessary by research staff. In-person meetings will occur at a location that is convenient for research and East Hartford WIC staff. Bi-weekly to monthly meetings (in-person or Zoom) are anticipated.

Facilitate voluntary participation of staff in focus groups/interviews for baseline and post-implementation data collection. Participation is completely voluntary. Staff will be recruited for focus groups/interviews. Each focus group will include between 3 and 12 participants. Ideally, each program will hold one to two focus groups at baseline and post-implementation. Focus groups/interviews will be conducted prior to the start of project tasks (pre-implementation phase). Focus groups/interviews will also be conducted after the completion of project tasks (post-implementation phase).

Facilitate voluntary participation of staff to attend trainings. Training topics include an introduction to the Child Development Infoline, and an introduction to Birth to Three (B23).

Assist in identifying and contacting eligible parents/caregivers to participate in interviews for baseline and post-implementation data collection.

As possible and feasible, assist in locating qualified staff to support verification of Spanish translated written project materials as needed to accommodate language needs.

WIC staff will not be completing developing screenings with families; participation will instead include coordinating times with their partnered B23 program to have B23 complete developmental screenings (general development and ASD-specific) with eligible families enrolled in WIC. Developmental screenings can be completed in-person within the WIC program, remotely, or by scheduled developmental screening clinics. Provide space within WIC to accommodate in-person screens or developmental screening clinics. In-person screens and/or developmental screening clinics will be scheduled at the convenience of both the WIC program and B23 partnered program.

As appropriate and feasible, provide space within the program(s) for B23 to complete eligibility evaluations with children who score at-risk, or have concerns regarding their development. Eligibility

evaluations completed within the program are at the discretion of the family and evaluation times are coordinated with the program and B23 partner.

As appropriate and feasible, assist in collecting de-identified data. De-identified data points that include, but are not limited to: program site information, logistics, standard processes, and demographics; staffing information and demographics; program unmet needs; and as available, pre-implementation rates of: developmental screenings completed, other screenings completed, referral processes to B23, and B23 service provision; communication with pediatric primary care practices and/or other community programs; and other relevant data as appropriate.

Each child's completed screenings will be tracked in a de-identified way. Data collection and procedures being used are consistent with sound research principles. Data will be shared electronically (by PDF or Microsoft Excel) with the CT Children's *Bridging the Gap* project staff (PI: Dr. Thyde Dumont-Mathieu; RA: Ms. Rosalie Chuckta; and other staff as designated by the PI). The purpose of sharing this information will be to complete data collection and analysis for the Bridging the Gap project. This information will be used to analyze developmental screening rates, B23 referral rates, and B23 receipt rates by program demographics.

Budget

\$500.00

Payment Terms

Connecticut Children's will pay a flat fee stipend (the "Fees") of Five Hundred and 00/100 Dollars (\$500.00) for participation in the Project. The Fees will be paid after completion of the term of this Agreement and confirmation by Connecticut Children's that all services describe above have been satisfactorily completed. Consultant shall submit an invoice within fifteen (15) days of the end of this Agreement, which at minimum shall include the dates of participation and contract number at the top of this Agreement. Invoices that do not reference the Connecticut Children's contract number will be returned. Connecticut Children's agrees to pay the undisputed invoice within sixty (6) days of the date of receipt.

Invoices can be submitted to Evana Nasse at efnasse@connecticutchildrens.org.

Please confirm acceptance of this Letter of Agreement by having an authorized signatory sign below. Return the signed document for countersignature, and we will provide a fully executed Agreement to you.

MEMORANDUM

DATE: May 18, 2023
TO: Mayor, Michael P. Walsh
FROM: Iris K. Laurenza, Collector of Revenue
SUBJECT: Suspense List

Attached is a list of accounts I am requesting be transferred into the Suspense Rate Book. I have also attached a Collector's Certificate giving reference to this amount. It is anticipated that this list will be acted upon on the **June 6, 2023 Town Council meeting**.

I request that all outstanding taxes for Personal Property, Motor Vehicle and Motor Vehicle Supplemental taxes on the 10-1-2019 Grand List be transferred into suspense.

1. These taxes **will remain collectible** for fifteen years from the due date, but at this time we feel that it is unlikely that we will be collecting these taxes and therefore they should be removed from the books as a receivable for the Town of East Hartford. All taxes transferred into suspense will show as due and payable during any inquiry for unpaid taxes or parking tickets on our system.
2. If these taxes are transferred into suspense, the prior year taxes will then present a more realistic figure as to what is actually collectible and will be useful in any future budget considerations and bonding issues.
3. By carrying only the current year taxes plus two prior years' motor vehicle taxes as open items, we are working in concert with the blockage of motor vehicle registrations and the motor vehicle department. Registrations are renewed every two years. The Department of Motor Vehicle will carry a blockage on their records for 24 months. If we are unable to collect delinquent motor vehicle taxes within that time, our chances of collecting them later are very slim.
4. We have done our very best to collect personal property taxes. In most cases, those accounts not paid are either out of business, in bankruptcy, foreclosure, moved or continue to struggle with the poor economy.
5. The act of placing these accounts in suspense in no way diminishes our efforts or impedes our ability to pursue these delinquent tax amounts.

If I can be of further assistance or if additional information is needed, please feel free to contact me.

Thank you for your attention to this matter.

MEMORANDUM

DATE: May 30, 2023

TO: Michael P. Walsh, Mayor

FROM: Melissa McCaw, Director of Finance

TELEPHONE: (860) 291-7246

RE: **CSEA Memorandum of Agreement**

The labor contract between the Town of East Hartford and the members of the CSEA union was executed in 2021. With the exception of the 818 Supervisors union, all other labor contracts have been successfully negotiated and executed, all of which contain COVID premium payments.

CSEA is the only settled contract that did not request or negotiate this provision. The Town of East Hartford as an efficiency measure has continued interest in implementing biweekly payroll. In light of this, the Town of East Hartford and the members of the CSEA union have settled via a tentative memorandum of agreement, subject to Council's approval, as follows:

The Parties hereby agree to the following:

1. The Town shall have the right to implement bi-weekly payment of wages.
2. Commencing March 2020 until December 2021, current full-time employees will be allocated a \$750.00 lump sum payment.
3. Commencing March 2020 until December 2021, current part-time employees will be allocated a \$500.00 lump sum payment.
4. Only current employees on the payroll at the Town Council's adoption of the resolution will be eligible.
5. This does not apply to retirees, terminated employees, voluntary or involuntary.

Of the 83 active members of CSEA, seventy-one (71) employees would receive the lump sum payment at a one-time cost of \$52,750. Council has previously approved an ARPA allocation for CSEA Premium Pay account in anticipation of this agreement. This funding satisfies the one-time expenses for the fiscal year ending June 30, 2023. Please see the attached resolution granting approval of this memorandum of agreement.

Should you have any further questions, please do not hesitate to contact me.

Cc: Tyron Harris, Director of Human Resources

I, Jason Marshall, the duly appointed Clerk of the Town Council of the Town of East Hartford, a corporation organized and existing under the laws of the State of Connecticut, hereby certify that the following is a true copy of a resolution adopted at a meeting of the East Hartford Town Council of said corporation, duly held on the 6th day of June, 2023

R E S O L U T I O N

WHEREAS; the Town of East Hartford and the CSEA/SEIU Local 2001 entered into a collective bargaining agreement for July 1, 2021 through June 20, 2025 in November of 2021;

WHEREAS; premium pay was not a negotiated item in this executed collective bargaining agreement;

WHEREAS; premium pay is an authorized expenditure category for essential work performed during the pandemic based on US Treasury guidance;

WHEREAS; the Town of East Hartford has continued interest in shifting to bi-weekly payroll to achieve greater efficiencies; and

WHEREAS; the members of the CSEA/SEIU Local 2001 have reached a tentative memorandum of agreement to provide lump sum premium payments to current active employees and implement biweekly payroll for all CSEA employees;

NOW THEREFORE LET IT BE RESOLVED; that Michael P. Walsh, Mayor of the Town of East Hartford, is authorized to enter into the following Memorandum of Agreement:

1. The Town shall have the right to implement bi-weekly payment of wages.
2. Commencing March 2020 until December 2021, current full-time employees will be allocated a \$750.00 lump sum payment.
3. Commencing March 2020 until December 2021, current part-time employees will be allocated a \$500.00 lump sum payment.
4. Only current employees on the payroll at the Town Council's adoption of the resolution will be eligible.
5. This does not apply to retirees, terminated employees, voluntary or involuntary.

AND I DO CERTIFY that the above resolution has not been in any way altered, amended, or repealed, and is now in full force and effect.

IN WITNESS WHEREOF, I do hereunto set my hand and affix the corporate seal of said Town of East Hartford the ___ day of June, 2023.

Signed: _____

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

Hey Augustine,

I have attached the updated Certificate to this email for Chris. We have endorsed the policy to reflect the correct \$100,000 limit for "Damage to Premises Rented to You" coverage.

I also have confirmed the policy does not have an exclusion for Bouncy Houses, Trampolines, or similar Rebounding Devices. I have included that in the description section just in case.

Please let me know if there is anything else that needs to be adjusted.

Thanks!

End Hunger CT! is a statewide anti-hunger and food security organization that focuses on advocacy, education, and outreach and helps CT residents access critical nutrition programs, such as SNAP and the federal CT Summer Meals program. We are the lead on statewide promotion of the CT Summer Meals program, a federally funded, state-administered program that provides free meals to all CT kids 18-and-under at hundreds of sites across the state every summer at absolutely no cost to families, no questions asked, and no ID required, regardless of socioeconomic status. Each year, we plan targeted events throughout the state to increase awareness of and participation in this program. Though we work statewide, our physical office is located in East Hartford and we are planning on doing an event targeted to East Hartford families this summer. **End Hunger CT! is planning a Summer Kick Off event on Saturday, June 24th in East Hartford from 11am-3pm in our large office parking lot at 800 Connecticut Boulevard, East Hartford, CT (we have already received clearance from our property manager to host the event at this site).** We are anticipating up to 150 attendees including those part of the event (speakers, organizations, vendors, volunteers, etc.). The event will feature free food, community organization tables, activities, performers, and guest speakers. The goal of the event will be to bring East Hartford families together for some fun and kick off awareness of the CT Summer Meals program in East Hartford (our office is close to two meal sites that participate in the CT Summer Meals program).

We are looking to bring East Hartford families together to spread awareness about CT Summer Meals sites, and provide food, resources, and fun to kick-off the summer. So far, we have numerous community organizations confirmed and many pending to host an outreach table and/or assist with activities and event logistics. These organizations include: Boy Scouts of America, United Way, East Hartford Parks n Rec, Intercommunity Health, Shoprite (East Hartford Dietician and donating 100 reusable bags), Put Local on Your Tray, Latino Community Services, Hartford Yard Goats, Hartford Athletic FC, CT Department of Agriculture, CT Department of Education, CT Foodshare, and others. We also have bouncy castles, face painting, activity coloring books, and a photo booth confirmed for kids. Notable event speakers are planned to include East Hartford Mayor Mike Walsh (who sits on the national Mayor's Alliance to End Childhood Hunger) CT Department of Agriculture Commissioner Bryan Hurlburt, CT Foodshare CEO Jason Jakubowski, End Hunger CT! Executive Director Julieth Callejas, and others as planning continues. We also plan to invite Governor Ned Lamont's office.
